Green Belts for a Cleaner Dewas

Green Belt Development – Industrial Area, Dewas

OUR GREEN INITIATIVE

Greener Industrial Areas, Healthier Tomorrow

The Association of Industries, Dewas is committed to sustainable growth and environmental stewardship. As part of our green initiative, we are developing **Green Belts** in different industrial areas of Dewas to create a cleaner, greener and healthier environment for future generations.

Presently, our member industries — **M/s Sun Pharmaceutical Industries Ltd., M/s Cummins Turbo Technologies India Ltd., M/s Dewas Techno Product Pvt. Ltd.** and **M/s Tata International Ltd.** — are contributing towards the development of Green Belts.

Green Initiatives Today – A Sustainable Tomorrow

Together for a Greener Dewas

Chairman's address.....

Respected dignitaries, members of the Association of Industries, Dewas, fellow industrialists, colleagues, and friends, it is my privilege to welcome you to the 48th Annual General Meeting of the Association of Industries, Dewas. The AGM gives us an opportunity to review the work undertaken during the year, consider the challenges before us, and set priorities for the future.

AID has continued to work in the interest of industry and in support of the development of Dewas. I would like to briefly share the important work of the past year and our priorities going forward.

Global and National Economic Context

The global economic environment remains uncertain. Geopolitical conflicts, changing trade relationships, tariff uncertainties, supply-chain disruptions and energy-price volatility continue to affect businesses.
For industry, we must prepare not only for competition but also for uncertainty. Supply-chain resilience, energy security, cost efficiency, technology, innovation and diversification will remain important.

At the same time, India continues to offer opportunities through its growing domestic market, infrastructure development, digital transformation and manufacturing capabilities.

Dewas can benefit from these opportunities because of its established industrial base and connectivity. However, this requires continued improvement in infrastructure, simpler regulatory processes, better logistics, skilled manpower, technology adoption and environmentally responsible growth.

AID's role is to work constructively with Government, present practical solutions and facilitate dialogue.

Highlights of the Year

During 2025–26, AID continued its work in policy advocacy, infrastructure, environmental initiatives and industry representation.

1. Policy Advocacy

AID took up issues concerning property tax, road and railway connectivity, workers' housing, ESIC healthcare, labour reforms, Fire NOC policy, power quality, gas supply, industrial land, statutory approvals, GST on leasehold transfers and ease of doing business.

The Supreme Court judgment of 27 May 2026 concerning property tax liability in industrial areas was an important development. AID has represented the matter before the Government of Madhya Pradesh, seeking appropriate implementation across the State.

We also raised issues relating to Dewas Railway Station, goods-handling facilities and connectivity to Binjana Railway Station through the Ratlam Railway Users' Consultative Committee.

Other matters pursued included road improvement, gas supply and alternative fuel, industrial land transfer and sub-leasing, ABPAS 3.0 approvals, industrial gas tariff revisions, GST on long-term leasehold transfers and the proposed MR-5 road.

AID also participated in State-level industry consultations to represent the concerns of Dewas industries.

2. Infrastructure and Logistics
AID continued to work with Government authorities on roads, drainage, street lighting and other industrial infrastructure.

The Truck Parking Area in Industrial Area No. 1 has helped improve traffic management. We are also pursuing a similar facility for Industrial Areas No. 2 and 3 Connectivity and logistics will remain priorities because they directly affect industrial costs and efficiency.

3. Green and Sustainable Industrial Development
Environmental sustainability remains an important priority. Green belts have been developed in Industrial Area No. 1 and Siya Industrial Area, with approximately 75,000 saplings planted through the efforts of AID and member industries.

Our objective should be to ensure that industrial growth remains environmentally responsible.

4. Representation of Dewas Industry
Dewas industry has also been represented at State-level forums.

Shri Ashok Khandelia has been nominated to COSIA for 2024–2026 and FMPCCI for 2026–2028. Shri Girish Mangla has been nominated as the private-sector employers' representative in the M.P. Labour Advisory Council, and Shri Millind Solanki has been appointed to the Academic Planning & Evaluation Board of RGPV.

I appreciate their contribution to representing Dewas industry.

5. Community and Sports Initiatives
The Shrimant Tukojirao Puar Sports Park in Industrial Area No. 1 has been developed with support from AID, member industries, Nagar Palika Nigam Dewas and MPIDC, providing facilities for sports and recreation.
AID also organized employee fitness activities, including chess and table tennis competitions. The 6th Dewas Run brought together approximately 2,100 participants around the message 'Healthy, Clean, Green Dewas'.

These initiatives provide opportunities for industry and the wider community to engage with one another.

Our Priorities for the Future

The next phase of industrial growth will increasingly be shaped by Artificial Intelligence, automation, changing skill requirements, environmental sustainability, global supply chains and energy and cost efficiency.

We must attract new investment to Dewas while supporting existing industries in expansion, modernization and diversification.

This requires collaboration among large industries, MSMEs, startups, educational institutions, Government agencies and civic bodies. AID should continue to bring these stakeholders together and convert collective concerns into practical action.

Our priorities are therefore clear: improve industrial infrastructure, strengthen connectivity and logistics, simplify regulatory processes, support skill development, encourage technology adoption and promote sustainable industrial growth.

Gratitude

I would like to express my sincere gratitude to the Board of AID, the President, office-bearers, committee members, the AID team and all member industries for their continued support.

I also appreciate the District Administration, MPIDC, Nagar Palika Nigam Dewas, Police Administration, State Government departments and other stakeholders for their cooperation. The work highlighted today has been possible through collective effort.

Conclusion

Friends, Dewas has a strong industrial legacy. Our responsibility is to strengthen it and prepare for the opportunities and challenges ahead.

Let us work towards a Dewas where industries are competitive, infrastructure is efficient, employees are skilled, the environment is protected, and industrial growth contributes to society. Together, let us contribute to the continued development of Dewas and to a stronger and self-reliant India.

Thank you.

Jai Hind.
Dipin Jain – Chairman, Association of Industries, Dewas

Dated: September 2026

From the President's Desk …….

Dear Members,

It gives me immense pleasure to once again address the

members of the Association of Industries, Dewas and share with you the journey, achievements and priorities of AID over the past year.

The year gone by has been a year of **action, representation and collaboration**. At a time when industries continue to navigate changing regulations, infrastructure challenges, rising input costs, evolving labour laws and global uncertainties, AID has remained committed to one fundamental objective — **to make it easier for industries to operate, grow and contribute to the development of Dewas.**

Our strength lies in our collective voice.

From Representation to Results

During the year, AID actively represented industry concerns before the State Government, MPIDC, District Administration, Labour Department, MPPCB, Electricity authorities, Railway authorities, Police, Nagar Nigam and other concerned agencies.

Our representations covered a wide spectrum — **property tax, Fire NOC, labour codes, industrial gas supply and tariff, power quality meters, infrastructure, road connectivity, statutory approvals, industrial land transfers, GST on leasehold transfers, sub-leasing of industrial properties and several other matters directly impacting the ease of doing business.**

AID has also taken up emerging issues proactively — including **Dewas Development Plan 2041, MR-5 road alignment, ABPAS 3.0, industrial worker housing, Binjana Railway connectivity, Ujjain Road widening and ROB, and industrial area infrastructure.**

Our objective has always been clear: **identify the issue, bring the stakeholders together and pursue a practical solution.**

In this context, the **Madhya Pradesh Ease of Doing Business Act, 2026** is an important development for the industrial sector. The Act has been introduced with the objective of simplifying procedures and facilitating ease of doing business in the State.

The Association has been regularly taking up issues faced by industries, particularly regarding building permissions, industrial land matters, sub-letting/sub-leasing of industrial land, approvals and other procedural difficulties, with the concerned authorities.

In addition, the Association has also been actively pursuing these issues through various industry forums and has encouraged and coordinated with other leading industry associations, such as CII and the Federation of Madhya Pradesh Chambers of Commerce & Industry, so that issues concerning the industrial sector can also be taken up at the appropriate State-level platforms.

We are pleased to note that many of these issues have been addressed under the above Act through provisions aimed at simplifying and streamlining the regulatory process. This is an encouraging step towards creating a more transparent, efficient and industry-friendly regulatory environment in Madhya Pradesh.

The Association will continue its efforts to represent and pursue issues concerning the industrial fraternity with the concerned authorities and industry forums.

Building a Better Industrial Ecosystem

Infrastructure continues to be one of our key priorities.

Roads, street lighting, drainage, truck parking, railway connectivity and common industrial facilities directly influence the efficiency and competitiveness of our industries. AID has continued to work closely with the Government and maintenance agencies for their improvement.

The efforts towards **truck parking, road improvement, street-light maintenance and industrial connectivity** are steps towards creating a more organized and efficient industrial ecosystem.

At the same time, AID has continued to support the development of **green belts and sustainable infrastructure**. With nearly **75,000 saplings** planted across Industrial Area No. 1 and Siya Industrial Area through the collective efforts of member industries and stakeholders, our industrial community has demonstrated that **growth and environmental responsibility can go hand in hand.**

Industry Beyond Business

AID believes that a strong industrial ecosystem is not only about factories and infrastructure; it is also about **people, health and community.**

The **Shrimant Tukojirao Puar Sports Park** has become a valuable public facility for employees, families, students and citizens of Dewas — a wonderful example of what can be achieved through collaboration between Government, MPIDC, Nagar Nigam, AID and industry.

Our sports initiatives have also continued to grow. Chess, Table Tennis and other employee engagement activities have provided platforms for healthy competition and interaction among employees of member industries.

The **6th Dewas Run**, organized under the theme **"Healthy, Clean, Green Dewas,"** brought together around **2,100 participants**, once again demonstrating the ability of AID to bring industry and society together for a common cause.

AID at the State Level

I am also pleased that the representation of AID and its members has continued to expand beyond Dewas.

Our participation in bodies such as **FMPCCI, COSIA, the M.P. Labour Advisory Council and RGPV** gives us an opportunity to place the concerns of industry at wider platforms and contribute to policy discussions affecting the industrial sector.

These responsibilities are not merely recognitions; they are opportunities to **serve industry with greater responsibility and impact.**

Looking Ahead

The next phase of industrial growth in Dewas presents tremendous opportunities.

With its strategic location, established industrial base, skilled workforce and connectivity, Dewas has the potential to emerge as an even stronger industrial destination in Madhya Pradesh.

Our priorities ahead will be to **strengthen infrastructure, improve ease of doing business, attract new investment, support MSMEs, develop skilled manpower, promote sustainable industrialization and ensure that Dewas receives the infrastructure and policy support required for its next phase of growth.**

We will continue to engage with the Government not only to highlight problems, but also to offer **constructive, practical and implementable solutions.**

Together, We Move Forward

AID is an institution built on collective participation. Its achievements are not the achievement of one individual or one committee — they are the result of the **trust, participation and contribution of our member industries, office bearers, managing committee members, sub-committees and dedicated secretariat.**

I sincerely thank each one of you for your continued support.

Let us continue to work with the same spirit of **unity, partnership and positive action**.

Our vision is simple:

A stronger AID.
A stronger industrial ecosystem.
A stronger Dewas.

With our collective strength, I am confident that the coming year will bring new opportunities, stronger representation and greater progress for our industries and our city.

I sincerely thank the **Government departments including District Administration, our member industries, sponsors and the entire AID team** for their continued support and cooperation.

With warm regards,

Sd/

*****

HISTORY & OBJECTIVES

The development of Dewas as an Industrial hub started in 1972 although Industries in Dewas started coming up in early 1960's. The Association of Industries Dewas was formed in 1978 by leading industrialists of Dewas with the aim of promoting the growth of Industry in the district. The Association is a registered body with clear guidelines in the Memorandum & Articles of Association aimed to promote a healthy growth of Industry and to fulfill its social responsibility.

The Association has continuously worked towards achieving its objectives. We have members from almost all categories of industries i.e. Large Industries as well as MSME and with a diverse range of product. Its members are making specialized products in sectors of engineering, food, pharmaceuticals, textiles, leather and are well established manufactures catering to both domestic and export markets. The Association has been a motivator / facilitator for industrial growth in Dewas.

ORGANISATIONAL STRUCTURE OF THE ASSOCIATION

Association of Industries Dewas (AID) has a very well defined and delegated working structure. It has a three-tier organisational structure. The Board of Directors is the supreme body responsible for making policies. The Managing Committee which is led by the President is the executive body for implementing the policies with the help of Office bearers. The Association has 8 specialized sub committees. Our member companies nominate their employees as per their expertise and interest for the respective committees. These committees work in coordination with the Managing Committee to try and solve all possible issues. We have an efficient Secretariat which also contributes in the successful working of the Association.

SYNOPSIS OF MANAGING COMMITTEE MEETINGS HELD DURING THE YEAR 2025-26

The Managing Committee of the Association of Industries, Dewas (AID), during the financial year 2025–26, continued to play a pivotal role as a collective voice of industry, actively bridging the gap between industrial stakeholders and government authorities. Through structured monthly meetings, continuous policy engagement, and coordinated field-level interventions, the Committee ensured that industrial concerns were not only raised but also pursued with consistency and strategic intent.

The year reflects a mature, responsive, and action-driven governance approach, with emphasis on infrastructure development, regulatory advocacy, sustainability, and institutional strengthening.

1. **Governance, Leadership & Institutional Discipline**

The Managing Committee functioned with a high level of procedural discipline, holding regular meetings and ensuring systematic follow-up on all action points.

A significant step towards strengthening institutional governance was the rationalization of membership, wherein non-responsive members with prolonged outstanding dues were removed from the rolls. This not only reinforced financial discipline but also upheld the credibility and seriousness of the Association.

Financial oversight remained robust, with:

- Approval of annual accounts for FY 2024–25
- Periodic review and approval of quarterly financials
- Continued emphasis on improving subscription recovery

Simultaneously, the Committee encouraged greater member participation and engagement—leading to a structured decision to appoint industry-level coordinators for better representation.

2. Strategic Policy Advocacy & Government Engagement

One of the most significant contributions of the Managing Committee during the year was its proactive and sustained engagement with policy and regulatory frameworks.

a) Minimum Wages – Navigating Legal and Practical Challenges

The issue of revised minimum wages remained a central focus. Following the disposal of petitions by the Honorable High Court, the Committee ensured:

- Timely dissemination of updated notifications
- Facilitation of industry-level discussions for smooth implementation
- Continuous tracking of review petitions and sector-specific implications (notably textile sector)

The Committee played a crucial role in interpreting regulatory changes and aligning industry response, thereby minimizing uncertainty among members.

b) MSME Policy & Industrial Rules – Advocacy for Clarity and Uniformity

Recognizing the complexities arising from overlapping regulations, AID submitted well-structured representations to the State Government highlighting:

- The need for harmonization between MSME Rules and Industrial Policy frameworks
- Removal of ambiguities in land and building allotment rules
- Alignment across departments to ensure ease of doing business

This reflects AID's transition from reactive representation to constructive policy shaping.

c) Property Tax & Industrial Jurisdiction Issues

Leveraging judicial developments in Pithampur, the Committee took up the matter of property tax applicability for Dewas industries with renewed focus. Multiple representations were made to MPIDC and concerned departments to ensure clarity and relief for industries.

d) Labour Law Reforms & Compliance Ecosystem

The Committee remained deeply engaged with evolving labour frameworks, including:

- Amendments in Factories Act, Contract Labour Act, and Industrial Disputes Act
- ESIC compliance challenges and healthcare infrastructure gaps
- EPFO digitization initiatives and practical constraints faced by industries
- Introduction of Labour Star Rating System

Importantly, AID did not limit itself to dissemination—it actively represented industry concerns to authorities, ensuring that implementation realities were considered.

e) Broader Policy Interventions

Additional representations included:

- Fire NOC exemption for industries
- GST implications on leasehold rights
- Extension of excise license validity (DS-4)
- Manual facilitation for MSME registration challenges

These interventions collectively demonstrate AID's role as a policy facilitator and industry advocate.

3. Infrastructure Development – Persistent Ground-Level Engagement

Infrastructure remained a priority focus area, with the Managing Committee adopting a hands-on approach.

a) Ujjain Road Industrial Area – Continuous Monitoring Model

The Committee institutionalized inspection-based monitoring, ensuring:

- Regular site visits by subcommittees

- Documentation of construction quality and progress
- Direct communication with MPLUN and other executing agencies

Issues such as:

- Road quality defects
- Drainage execution sequencing
- Encroachments and green belt protection

were consistently followed up, reflecting a structured escalation mechanism rather than one-time complaints.

b) Industrial Area Upgradation

Across various industrial areas, the Committee actively pursued:

- Repair of damaged cement roads
- Restoration of street lighting infrastructure
- Cleaning and maintenance of storm water systems
- Removal of encroachments

The approach combined field observation, documentation, and formal representation, ensuring accountability from executing agencies.

c) Strategic Infrastructure Vision

Beyond routine issues, the Committee engaged in forward-looking initiatives, including:

- Railway connectivity enhancement (Binjana station logistics facility)
- Participation in Dewas Vikas Yojna 2041
- Evaluation of four-laning impact on industrial zones
- Advocacy for worker housing facilities

This reflects a shift from maintenance-driven engagement to strategic infrastructure planning.

4. Power & Energy – Structured Engagement with Utilities

Power reliability and cost management remained critical concerns. The Committee maintained continuous engagement with MPPKVV Co. Ltd., including meetings at multiple administrative levels.

Key focus areas included:

- Power fluctuations, tripping, and feeder-specific issues
- Tariff revisions and regulatory changes
- Transition from KWH to KVAH billing
- Concerns over mandatory installation of power quality meters

Importantly, the Committee combined technical understanding with collective representation, ensuring that industry concerns were presented in a structured manner.

Parallelly, industries were encouraged towards:

- Energy efficiency practices
- Adoption of green fuel in line with environmental directives

5. Environment & Sustainability – From Compliance to Commitment

Environmental responsibility emerged as a strong theme during the year.

The Committee actively promoted:

- Installation of rainwater harvesting systems
- Tree plantation drives using Miyawaki methodology
- Adoption of green fuel

Close coordination with district administration ensured that industries remained aligned with regulatory expectations while also contributing to long-term ecological sustainability. Water-related challenges, particularly concerning Kshipra Dam and usage norms, were also addressed proactively through dialogue with authorities.

6. Subcommittee System – Specialized Yet Evolving

The subcommittee framework remained central to AID's functioning, enabling focused attention on diverse domains. Major contributions are summarized below:

Subcommittee	Key Initiatives & Contributions
Media & Website	Strengthened website content and circular dissemination; initiated "Know Your Member" series to enhance member visibility; promoted digital engagement, though response from members remained limited.
Legal & Taxation	Deliberated on GST implications (leasehold rights), income tax updates, and ICD-related matters; conducted knowledge-sharing sessions; prepared representations on regulatory issues affecting industries.
Seminar & Training	Successfully organized Leadership Development Program and AI-focused seminars with strong participation; identified need for more technical and managerial training programs.
Power & Electricity	Engaged with MPPKVV on power fluctuation, tariff changes, and billing transition (KWH to KVAH); addressed concerns on power quality meters and captive power compliance.
HR & Personnel	Monitored minimum wages implementation, labour law amendments, and union-related developments; facilitated discussions on employment portal, NAPS, and workforce compliance issues.
SME	Focused on ground-level industrial issues such as infrastructure status, road connectivity, and development planning (including Ujjain Road expansion); supported inspections and coordination with authorities.
Sports & Cultural	Organized Chess Tournament, Dewas Run, Table Tennis with high participation; prepared annual sports calendar including multiple events to promote employee engagement and inter-industry interaction.

7. Capacity Building, Events & Industry Engagement

The year witnessed a series of impactful programs:

- Leadership Development Program in collaboration with academic institutions
- AI-focused seminars, reflecting industry's shift towards digital transformation
- Industry Leaders Summit, fostering knowledge exchange

a) Sports & Community Integration

The Association strengthened community engagement through:

- Chess Tournament with participation of over 90 employees
- Dewas Run with participation of over 2100 employees.
- Table Tennis with participation of over 30 employees
- Annual sports calendar including multiple disciplines

Such initiatives enhanced inter-industry bonding and employee engagement.

8. Institutional Development & Forward Initiatives

Internal development remained a parallel priority:

- Renovation and modernization of AID premises
- Evaluation of solar energy adoption
- Strengthening digital communication platforms
- Initiation of structured industry visits for deeper engagement

These steps indicate a focus on long-term institutional capacity building.

9. Emerging Challenges & Responsive Actions

The Committee also responded to emerging issues such as:

- Traffic congestion and accident risks in industrial zones
- Industrial safety concerns including wildlife intrusion
- Regulatory overreach in labour-related complaints
- Data-sharing concerns under government portals

Each issue was addressed through formal representation and coordinated follow-up, reinforcing AID's role as a protective and facilitative body.

Conclusion

The Managing Committee's functioning during FY 2025–26 reflects a balanced blend of operational responsiveness and strategic vision. Its efforts extended beyond routine administration to policy influence, infrastructure advocacy, and community building.
Through consistent engagement, structured follow-ups, and collaborative leadership, the Association of Industries, Dewas has reinforced its position as a credible, proactive, and impactful industry body.

The year stands as a testament to the Committee's commitment towards strengthening industrial ecosystems, enhancing ease of doing business, and representing collective industry interests with clarity and conviction.

*****

SUB - COMMITTEES OF THE ASSOCIATION

During the course of operation of an industry, the industry management has to face lot of challenges under various disciplines. All the industries, especially MSME, do not have experts to solve all the topics. Keeping this in view, Sub Committees have been constituted by the AID for different subjects. The Sub Committees constitute experts of all topics and are nominated accordingly by our member industries.

The Sub Committees play an important role in the Association & work to find solutions of problem faced by the industries. Sub Committee members regularly shares information, discuss issues, develop standards and advise for best practices to be adopted for the betterment of industries. Meeting of Sub Committees on set agenda are held once in a month in the office of AID. The Sub Committee report and communicate the outcome of their meeting directly to the Managing Committee meeting of AID which is done on monthly basis.

The details of Sub Committees currently working under the AID platform are as follows.

MEDIA & PUBLICATION / WEBSITE DEVELOPMENT

The main role of this subcommittee is to actively participate in the development & Maintenance of the website of AID and also play vital role in IT related roles and further to establish links & communication with media as and when required. It takes the responsibility for coordinating and providing editorial support for publication of annual report and monthly newsletter.

"ANNUAL GENERAL MEETING OF ASSOCIATION OF INDUSTRIES DEWAS"

The **47th Annual General Meeting (AGM)** of the **Association of Industries, Dewas (AID)** was successfully held on **Thursday, 25th September 2025**, at the AID Office, Dewas. The meeting was attended by the Directors, Office Bearers, and Members of the Association.

The proceedings commenced with a welcome address by **Shri Dipin Jain, Chairman, AID**, followed by the presidential address by **Shri Ashok Khandelia, President, AID,** who presented an overview of the Association's activities, achievements, and initiatives undertaken during the financial year 2024–25.

During the meeting, the **Audit Report**, **Balance Sheet**, and **Income & Expenditure Statement** for the financial year 2024–25 were presented before the members for consideration. After detailed discussions, all the financial statements and reports were unanimously approved.

An open house session was also conducted, providing members with an opportunity to share their valuable suggestions, feedback, and views on the Association's activities and future initiatives.

The meeting concluded with a formal vote of thanks proposed by **Shri Kapil Jain, Hon. Joint Secretary, AID**, who expressed gratitude to all the members for their participation and continued support. The entire proceedings were efficiently conducted by **Shri Anjan Shah, Hon. Secretary, AID**, ensuring the smooth completion of the meeting.

GLIMPSE OF ANNUAL GENERAL MEETING

EVENTS/TRAINING/WORKSHOP CONDUCTED DURING THE YEAR 2025-26

MEETING ON DEVELOPMENT OF LOADING/UNLOADING YARD AND GOODS SHED FACILITIES AT BINJANA RAILWAY STATION (BNJN)

On **23 April 2025**, the **Additional Divisional Railway Manager (Ratlam Division)**, along with the **Senior Divisional Operations Manager** and **Senior Divisional Commercial Manager**, held a meeting with representatives of the **Association of Industries, Dewas (AID)** at its office in Dewas. The meeting focused on the proposed development of **Loading/Unloading Yard and Goods Shed facilities at Binjana Railway Station (BNJN)** to cater to the freight handling requirements of the industrial sector. The discussions emphasized strengthening rail-based logistics infrastructure and enhancing freight connectivity for industries in the region.

PROGRAM ON WATER CONSERVATION (AMRUT SANCHAY YOJNA)

ONE-DAY SEMINAR ON "LEADERSHIP SKILLS"

The **Association of Industries, Dewas (AID)** organized a one-day seminar on "**Leadership Skills**" on **09 May 2025** to enhance the leadership and managerial capabilities of industry professionals. The seminar was conducted by **Dr. Amitabh Joshi**, Head of the Department of General Management, Prestige Institute of Management and Research, Indore, and **Dr. Pallavi Joshi Kapooria**, Faculty, Department of Marketing, Prestige Institute of Management and Research, Indore. The session provided participants with valuable insights into effective leadership, team management, and professional development, and was well received by the attending members.

EVENTS/TRAINING/WORKSHOP CONDUCTED DURING THE YEAR 2025-26

MEETING WITH SUPERINTENDING ENGINEER, MPPKVV CO. LTD., DEWAS

On **29 May 2025**, **Shri Ketan Raipuriya, Superintending Engineer (O&M), MPPKVV Co. Ltd., Dewas**, along with his team, visited the office of the **Association of Industries, Dewas (AID)** for an interaction with member industries. The visiting officials were welcomed by AID, and the members highlighted various issues related to power supply affecting industrial operations. Shri Raipuriya assured the members that the concerns raised would be addressed on priority and that necessary steps would be taken for their early resolution.

WORLD ENVIRONMENT DAY

On the occasion of **World Environment Day**, a plantation drive was organized on **05 June 2025** in the Green Belt located in front of **Khanuja Wood Works** by **M/s Cummins Turbo Technologies**. The programme was graced by **Shri Rituraj Singh, Collector, Dewas**, **Shri Punit Gehlot, Superintendent of Police, Dewas**, and other dignitaries, who participated in the plantation drive. The initiative reaffirmed the commitment of the industrial community towards environmental conservation, sustainability, and the promotion of a greener industrial ecosystem.

EVENTS/TRAINING/WORKSHOP CONDUCTED DURING THE YEAR 2025-26

MEETING WITH COLLECTOR DEWAS REGARDING DEWAS VIKAS YOJNA 2041

On **03 July 2025**, a meeting was held under the chairmanship of the **Collector, Dewas**, regarding the preparation of the draft **Dewas Vikas Yojna 2041**, being formulated by the **Town and Country Planning Department, Dewas**. The **Association of Industries, Dewas (AID)** participated in the meeting and also submitted its suggestions for consideration in the planning process.

MEETING WITH THE OFFICIALS OF THE MPPKVV CO. LTD. DEWAS MP

In view of the transition of the High Tension (HT) consumer electricity billing system from **kWh-based billing** to **kVAh-based billing**, a technical meeting was organized on **15 July 2025**.

During the meeting, **Shri Nirmal Sharma**, Superintending Engineer, MPPKVVCL, Indore, and **Shri Vishwajeet Jha**, Divisional Engineer, MPPKVV Co. Ltd., Dewas, shared their expert insights on the implementation, operational aspects, and implications of the new kVAh-based billing system. Their valuable guidance helped participants gain a comprehensive understanding of the revised billing methodology and its impact on HT consumers.

EVENTS/TRAINING/WORKSHOP CONDUCTED DURING THE YEAR 2025-26

AWARENESS CAMPAIGN ON PM VIKSIT BHARAT ROZGAR YOJANA (PM-VBRY). (EMPLOYMENT LINKED INCENTIVE (ELI) SCHEME)

Following the approval of the **PM Viksit Bharat Rozgar Yojana (PM-VBRY)** (**Employment Linked Incentive (ELI) Scheme)** by the Union Cabinet, an awareness meeting was organized by the **Regional Office, Employees' Provident Fund Organization (EPFO), Indore**, at the **Association of Industries, Dewas**, on **17 July 2025**.

The ELI Scheme aims to promote employment generation, enhance employability, and strengthen social security across various sectors, with a special emphasis on the manufacturing sector.

During the session, **Shri M.S. Shekh**, Regional Provident Fund Commissioner-II, Regional Office, Indore (M.P.), delivered an informative presentation on the objectives, key features, and benefits of the scheme. He explained its potential to encourage job creation, support employers, and provide enhanced social security benefits to employees. The session enabled industry representatives to gain a clear understanding of the scheme and its implementation.

EVENTS/TRAINING/WORKSHOP CONDUCTED DURING THE YEAR 2025-26

PLANTATION PROGRAM

As part of its commitment to environmental sustainability and green initiatives, **M/s Sun Pharmaceutical Industries Ltd.** organized a tree plantation programme on **18 July 2025** at the Green Belt located in front of **Khanuja Wood Works**, Dewas.

The programme was graced by **Shri Rituraj Singh, Collector, Dewas**, along with other distinguished dignitaries, who actively participated in the plantation drive. The initiative reflected the collective commitment of the industry and the district administration towards promoting environmental conservation, enhancing green cover, and fostering sustainable development.

INTERACTION WITH SP DEWAS

An interactive session with the members of the **Association of Industries, Dewas** was held on **21 July 2025** at the Association's office.

The session was graced by **Shri Puneet Gehlod, IPS, Superintendent of Police, Dewas**, and **Shri Jaiveer Singh Bhadoria, Additional Superintendent of Police, Dewas**, who visited the Association to interact with industrial representatives. During the meeting, discussions were held on issues related to industrial security, law and order, and strengthening coordination between the police administration and the industrial community. The interaction provided a valuable platform for addressing members' concerns and reinforcing collaborative efforts towards maintaining a safe and conducive industrial environment.

EVENTS/TRAINING/WORKSHOP CONDUCTED DURING THE YEAR 2025-26

WORKSHOP ON ARTIFICIAL INTELLIGENCE

The **Association of Industries, Dewas**, in association with **IMA Indore**, organized a Seminar/Workshop on "**Artificial Intelligence**" on **25 July 2025**.

The seminar focused on the theme, "**How Simple AI Tools Can Transform Your Daily Life, Business, and Mindset,**" highlighting the growing role of Artificial Intelligence in improving personal productivity, enhancing business operations, and fostering innovation.

The technical sessions were delivered by **Shri Amit Chawla**, an AI Specialist, and **Shri Shikhar Dadhich**, Solution Architect, TCS, Indore (M.P.). The speakers demonstrated practical AI tools and applications, explaining how businesses can leverage AI to streamline operations, improve decision-making, and increase efficiency. The interactive session was well received by the participants and provided valuable insights into the transformative potential of Artificial Intelligence across various industries.

EVENTS/TRAINING/WORKSHOP CONDUCTED DURING THE YEAR 2025-26

TIRANGA YATRA

As part of the **Independence Day** celebrations, the **Association of Industries, Dewas** organized a two-wheeler and car rally on **14 August 2025** to commemorate the spirit of patriotism and national unity.

The rally witnessed enthusiastic participation from approximately **200 workers and employees** representing various industries in the Dewas industrial area. The event showcased the collective commitment of the industrial community towards celebrating the nation's independence while fostering unity, camaraderie, and a sense of national pride among the workforce.

INTERACTION WITH COLLECTOR DEWAS AND EXECUTIVE DIRECTOR (MPIDC) UJJAIN

An interactive session with the members of the **Association of Industries, Dewas** was held on **22 August 2025** at the Association's office.

The session was graced by **Shri Ritu Raj Singh, Collector, Dewas**, and **Shri Rajesh Rathod, Executive Director, MPIDC, Ujjain**, who visited the Association to engage with industrial representatives. During the interaction, members discussed various issues concerning industrial development, infrastructure, investment promotion, and matters affecting the industrial sector. The visiting dignitaries assured their continued support and emphasized the importance of close coordination between the administration, MPIDC, and the industrial community to facilitate sustainable industrial growth in the region.

EVENTS/TRAINING/WORKSHOP CONDUCTED DURING THE YEAR 2025-26

VISIT OF SENIOR MPPKVVCL OFFICIALS TO THE ASSOCIATION OF INDUSTRIES, DEWAS

A team of senior officials comprising Shri Gajra Mehta, Executive Director (Operations), Shri S.L. Karvadiya, Project Director, Shri Sanjay Jain, Additional Chief Engineer, Shri Rajesh Mahore, Divisional Engineer, MPPKVV Co. Ltd., Indore, and Shri Ketan Raipuriya, Superintending Engineer (O&M), MPPKVV Co. Ltd., Dewas, visited the office of the Association of Industries, Dewas on 13 September 2025. During the meeting, detailed discussions were held on the recurring issues of voltage fluctuations, power tripping, and supply failures impacting industrial operations. The officials interacted with the Association's members to understand the challenges faced by the industries and reviewed the concerns in depth.

SPORTS ACTIVITY ORGANIZED BY MP SHRAM KALYAN MANDAL

The **Madhya Pradesh Shram Kalyan Mandal (Ujjain Division)** organized a sports competition on **9 October 2025** at the **Tukoji Rao Sports Complex, Bhopal Chouraha, Dewas**.

The event was graced by **Shri Amarjeet Khanuja, Vice President, Association of Industries, Dewas (AID)**, as the **Chief Guest**. The sports competition witnessed enthusiastic participation from workers and employees of various industrial establishments, promoting the spirit of sportsmanship, teamwork, and healthy competition.

EVENTS/TRAINING/WORKSHOP CONDUCTED DURING THE YEAR 2025-26

WORKSHOP AND OUTREACH PROGRAM ON NEXT - GEN GST REFORMS

A Workshop/Outreach Programme was successfully conducted by the **CGST & Central Excise Department, Dewas**, on **14 November 2025 (Friday)** at the **Association of Industries, Dewas**. The objective of the programme was to create awareness among industry members regarding recent developments and reforms under the Goods and Services Tax (GST) regime.

The session covered important topics including **Next-Generation GST Reforms (GST 2.0)**, the **Simplified GST Registration Scheme**, **Provisional Refund mechanisms**, and initiatives aimed at bringing cash-based businesses into the formal economy. Department officials explained these aspects in a clear and practical manner and also addressed various queries raised by the participants, thereby enhancing their understanding of compliance procedures and recent regulatory changes.

The programme was graced by **Shri Aakash Singhai, Additional Commissioner, CGST Indore**, along with other departmental dignitaries. All guests were warmly welcomed by the **Association of Industries, Dewas (AID)**. The workshop proved highly informative and beneficial for industry members, providing valuable insights into GST reforms and their practical implications.

EVENTS/TRAINING/WORKSHOP CONDUCTED DURING THE YEAR 2025-26

MEETING WITH MPPKVVCL REGARDING INSTALLATION OF MONOPOLES IN INDUSTRIAL AREA

A meeting was held on **28 November 2025** at the **Association of Industries, Dewas (AID)** with **Shri Ketan Raipuriya, Superintending Engineer, MPPKVV Co. Ltd., Dewas**.

During the meeting, it was informed that **MPPKVV Co. Ltd.** has initiated the work of installing **monopoles in the Industrial Area** as part of infrastructure renovation and strengthening of the power distribution network.

The initiative is aimed at improving the reliability, safety, and efficiency of the electrical infrastructure in the industrial zones. The discussion also reflected the ongoing coordination between AID and MPPKVVCL for the upgradation of essential utilities in the industrial area.

EVENTS/TRAINING/WORKSHOP CONDUCTED DURING THE YEAR 2025-26

MANAGING COMMITTEE MEETING HELD AT VE COMMERCIAL VEHICLES LTD. DEWAS

The 9th Managing Committee Meeting was successfully held at the premises of VE Commercial Vehicles Ltd., Dewas on 19 December 2025.

The Managing Committee places on record its sincere appreciation to **Shri Gyanendra Dass, Executive Vice President**, and the entire team of VE Commercial Vehicles Ltd. for hosting the meeting and making excellent arrangements.

The well-organized facilities, seamless coordination, and warm hospitality provided by the team created a conducive environment for fruitful deliberations and contributed significantly to the success of the meeting.

DEWAS VIKAS YOJNA 2041

A personal hearing on the proposed **Dewas Vikas Yojna 2041** was held at the Collectorate Office, Dewas on **24.12.2025** to invite objections and suggestions from stakeholders.

Representatives of the **Association of Industries, Dewas**, along with representatives from various industries, attended the hearing and submitted their objections and suggestions concerning the proposed development plan. The key issues raised were aimed at safeguarding industrial interests and ensuring balanced and sustainable development in the Dewas industrial area.

EVENTS/TRAINING/WORKSHOP CONDUCTED DURING THE YEAR 2025-26

OUTREACH PROGRAM ON NEW INCOME TAX ACT, 2025

The Income Tax Department, Ujjain organized an Outreach Program on **TDS provisions** and other key aspects of the **New Income Tax Act, 2025**, which will come into effect from **01.04.2026**, at the Association of Industries, Dewas on **06.01.2026**.

The program was attended by **Shri Ganesh Mahadev Tengale, Deputy Commissioner of Income Tax (TDS); Shri Sudhir Sharma, Assistant Commissioner of Income Tax (TDS); Shri Ranjeet Kumar, Income Tax Officer (TDS), Ujjain; Shri R.P. Tiwari, Income Tax Officer, Dewas;** and **Shri Rajesh Singi, Chartered Accountant**, who addressed the participants and shared valuable insights on the new provisions.

Members of the **Association of Industries, Dewas (AID)** and the **Tax Practitioners Association** actively participated in the program and interacted with the speakers on various practical aspects of the new tax legislation.

THE MEETING OF RATLAM MANDAL RAIL UPBHOKTA SALAHKAR SAMITI

The second meeting of the **Ratlam Mandal Rail Upbhokta Salahkar Samiti** was held on **21.01.2026** at the **Divisional Railway Manager's (DRM) Office, Ratlam**, under the chairmanship of **Shri Ashwini Kumar, Divisional Railway Manager (DRM)**.

The meeting was conducted by **Smt. Heena V. Kewal Ramani, Senior Divisional Commercial Manager**, in the presence of other senior railway officials.

EVENTS/TRAINING/WORKSHOP CONDUCTED DURING THE YEAR 2025-26

Representatives of the **Association of Industries, Dewas** attended the meeting and participated in the discussions on matters relating to railway services and issues concerning industrial users.

SUCCESS OF DEWAS RUN 6TH EDITION

Following the successful organization of the **Dewas Run 2025** held in November 2025, a get-together program was organized on **30.01.2026** at **Argus Exotica Garden**.

The event was organized to acknowledge and appreciate the efforts of all individuals and organizations whose valuable contributions, support, and cooperation played a significant role in the successful conduct of the Dewas Run. It also provided an opportunity for participants and organizers to interact and celebrate the event's success.

EVENTS/TRAINING/WORKSHOP CONDUCTED DURING THE YEAR 2025-26

OUTREACH PROGRAM ON THE NEW INCOME TAX ACT, 2025

The Income Tax Department, Dewas organized an Outreach Program on the key provisions of the **New Income Tax Act, 2025**, which will come into effect from **01.04.2026**, at the **Association of Industries, Dewas** on **04.02.2026**.

The program was addressed by **Dr. Akshay Jain, Additional Commissioner of Income Tax, Range-1, Ujjain**, and **Shri Ravi Prakash Tiwari, Income Tax Officer-1, Dewas**, who explained the important features of the new legislation and addressed participants' queries. Members of the **Association of Industries, Dewas (AID)** and the **Tax Practitioners Association** actively participated in the program and benefited from the interactive session on the new tax framework.

EVENTS/TRAINING/WORKSHOP CONDUCTED DURING THE YEAR 2025-26

MEETING REGARDING GAS SUPPLY SITUATION FOR INDUSTRIES AT DEWAS

A meeting of gas-consuming industries was organized by the **Association of Industries, Dewas (AID)** on **16.03.2026 (Monday)** at its office to discuss the issues affecting natural gas supplies arising from the prevailing situation in the Gulf countries.

Senior officials from **GAIL Gas Ltd.** attended the meeting and interacted with representatives of member industries. The discussions focused on the likely impact on gas availability, supply continuity, and measures to address the concerns of industrial consumers.

MEETING ON COMMERCIAL LPG/CNG/PNG SUPPLY

A meeting was organized by **MPIDC**, in coordination with the **Association of Industries, Dewas (AID)**, at the AID office on **24.03.2026** to provide guidance to industries regarding the usage and supply of **Commercial LPG, CNG, and PNG**, and to understand the challenges being faced by industries in ensuring an uninterrupted gas supply.

The meeting was attended by **Shri Vinay Tomar, General Manager, MPIDC, Ujjain; Shri Rajneesh Goel, General Manager, GAIL Gas Limited; Shri B.S. Rai, Assistant Supply Officer, Collectorate, Dewas;** and other senior officials. The discussions focused on addressing industry concerns and ensuring better coordination among the concerned departments and gas suppliers.

ACHIEVEMENTS OF AID & ISSUES TAKEN UP

A. SPECIAL ACHIEVEMENTS

- **ENVIRONMENTAL SUSTAINABILITY INITIATIVES**

Green belts are systematically developed plantation zones that act as buffer areas to trap pollutants near their source and minimize their dispersion beyond industrial premises. In addition to improving air quality, these green spaces help mitigate rising temperatures, enhance biodiversity, and contribute to a healthier environment for employees and nearby communities.

The Association of Industries, Dewas, along with its member industries, actively participates in tree plantation drives as part of its Corporate Social Responsibility (CSR) initiatives. At present, two green belts have been developed in Industrial Area No. 1 and one green belt in Siya Industrial Area.

The green belt located in front of M/s Khanuja Wood Works has been developed through the collaborative efforts of M/s Sun Pharmaceutical Industries Ltd., M/s Cummins Turbo Technologies Pvt. Ltd., M/s Tata International Limited, and M/s Dewas Techno Products Pvt. Ltd. Approximately 42,000 saplings have been planted in this green belt.

Similarly, the green belt situated in front of M/s Agrawal Chemicals is being developed by the District Level Industrial Areas Maintenance Committee through its appointed contractor, with support from M/s Cummins Turbo Technologies Pvt. Ltd. Around 13,000 saplings have been planted in this area.

The green belt in Siya Industrial Area is being developed by M/s Sun Pharmaceutical Industries Ltd., where approximately 20,000 saplings have been planted.

The Industrial Areas Maintenance Committee continues to play a vital role in the development, maintenance, and expansion of these green belts, reinforcing the commitment of the industrial community towards environmental sustainability and ecological conservation.

Green Belt Developed at Industrial Area No. 1, Dewas (Infront of Khanuja Wood Works)

Green Belt Developed at Industrial Area No. 1, Dewas (Infront of Agrawal Chemicals)

Green Belt Developed at Siya Industrial Area, Dewas (Infront of Bhandari Foils)

SHRIMANT TUKOJIRAO PUAR SPORTS PARK

In a significant initiative to promote health, wellness, and community engagement, the Nagar Palika Nigam, Dewas has developed an Industrial Sports Park in Industrial Area No. 1, now known as **Shrimant Tukojirao Puar Sports Park**. The park serves as a modern recreational facility, encouraging fitness, sports, and social interaction for industrial employees as well as the citizens of Dewas.

Complementing this initiative, MPIDC has also developed similar parks in Industrial Area Nos. 2 and 3, located opposite Shrimant Tukojirao Puar Sports Park along the A.B. Road, thereby strengthening the recreational infrastructure across the industrial areas.

The successful development of these facilities has been made possible through the active support and participation of the Association of Industries, Dewas (AID) and its member industries. Their valuable contributions reflect a strong commitment to Corporate Social Responsibility (CSR) and Corporate Environmental Responsibility (CER), demonstrating that sustainable industrial development extends beyond economic progress to include the well-being of employees, the community, and the environment.

The Sports Park has emerged as a popular destination for the people of Dewas. Several schools regularly utilize the park for educational outings, picnics, sports activities, and student engagement programs, providing children with a safe and well-maintained outdoor environment. The park is also frequented by families, with parents and children visiting regularly to enjoy its open spaces, walking tracks, and recreational facilities.

Today, **Shrimant Tukojirao Puar Sports Park** is recognized as one of the finest and most spacious public recreational facilities in Dewas, offering dedicated infrastructure for sports, walking, jogging, cycling, and outdoor activities. Its growing popularity among industrial employees, students, senior citizens, fitness enthusiasts, and families reflects its significant contribution to improving the quality of life and fostering a healthier, more active community.

The development of this landmark facility stands as a testament to the successful collaboration between the Government, MPIDC, Nagar Palika Nigam, Dewas, AID, and the industrial community in creating sustainable social infrastructure that benefits both industry and society at large.

SHRIMANT TUKOJIRAO PUAR SPORTS PARK I, Industrial Area No.1, Dewas

B. OTHER ACHIEVEMENTS

1. **STATE-LEVEL REPRESENTATION:** Shri Ashok Khandelia, President, Association of Industries, Dewas (AID), has been nominated as a Member under the Corporate Association Category in the Federation of Madhya Pradesh Chambers of Commerce & Industry (FMPCCI) for the 2026–2028 term. The nomination reflects the Association's growing role in representing the interests of the industrial sector at the State level.
2. **STATE-LEVEL REPRESENTATION:** Shri Ashok Khandelia, President, Association of Industries, Dewas (AID), has been nominated under the MSME Associations Category in the Chamber of Small Industry Associations (COSIA) for the 2024–2026 term. This nomination further strengthens the representation of the Association and the industrial sector at the State level.
3. **REPRESENTATION IN MP LABOUR ADVISORY COUNCIL:** The Government of Madhya Pradesh constituted the M.P. Labour Advisory Council, and Shri Girish Mangla, representing the Association of Industries, Dewas (AID), was nominated as the Representative of Private Sector Employers. This representation provides the Association an opportunity to effectively voice the concerns and interests of the industrial sector at the State level.
4. **REPRESENTATION IN RGPV:** Shri Millind Solanki, Proprietor of M/s Rainbow Enterprises & R.K. Machine Tools, Dewas, and a member of the Association of Industries, Dewas (AID), was appointed as a Member of the Academic Planning & Evaluation Board of Rajiv Gandhi Proudyogiki Vishwavidyalaya (RGPV) under the provisions of the RGPV Act, 1998. The appointment was conveyed through a letter issued by the Additional Secretary to His Excellency the Governor of Madhya Pradesh.
5. **INFRASTUCTURE DEVELOPMENT IN DEWAS INDUSTRIAL AREA**–Infrastructure development remains a key driver of industrial growth and competitiveness. Well-developed infrastructure enhances production efficiency, reduces operational costs, attracts new investments, and facilitates seamless logistics and supply chain management. The study also indicates that improved infrastructure has a significant positive impact on investment decisions, reinforcing its importance in fostering sustainable economic growth.

   As the collective voice of industry, AID actively represents the interests of its members before various Government departments and agencies. The Association consistently advocates for the development and upgradation of essential industrial infrastructure, including roads, power supply, water, drainage, and other common utilities.

   AID also undertakes and supports initiatives for the construction, maintenance, and improvement of common infrastructure facilities in industrial areas. Through regular engagement with Government authorities, the Association provides timely and constructive feedback on the evolving infrastructure needs of industries, enabling informed policy decisions and focused development efforts.

   By working closely with stakeholders, AID continues to strengthen the industrial ecosystem and ensure that industrial areas remain efficient, competitive, and well-equipped to support sustainable industrial and economic growth.

❖ ROAD INFRASTRUCTURE

The road network across Industrial Areas No. 1, 2, 3, and Siya Industrial Area continues to be well maintained, ensuring smooth movement of raw materials, finished goods, and industrial traffic. The overall condition of the roads in these

industrial areas remains satisfactory, contributing to improved logistics, operational efficiency, and a safer commuting environment for employees and transport operators.

In the Ujjain Road Industrial Area, repair and reconstruction works have been undertaken to improve the road infrastructure. The remaining asphalting work on certain stretches has been planned and will be carried out after the monsoon season to ensure quality execution and long-term durability.

The maintenance, repair, and upgradation of roads across all industrial areas are being undertaken on a regular basis by the District Level Industrial Areas Maintenance Committee/MPIDC**,** based on periodic assessments and the infrastructure requirements of the industrial areas. These continued efforts ensure that the road infrastructure remains reliable, supports uninterrupted industrial operations, and facilitates the sustainable growth of the industrial ecosystem in Dewas.

- **STREET LIGHTING**

LED street lights and high-mast lighting systems have been installed across Industrial Areas No. 1, 2, 3, and the Ujjain Road Industrial Area, providing improved visibility, enhanced safety, and better working conditions for industries, employees, and commuters.

During the year, road and drainage construction works in certain stretches of the Ujjain Road Industrial Area temporarily disrupted the existing street lighting network. Restoration and repair of the affected lighting infrastructure are currently in progress, and the remaining works are expected to be completed shortly. Upon completion, the entire street lighting system in the Ujjain Road Industrial Area will be fully operational, ensuring adequate illumination, improved road safety, and a secure environment for industrial operations during night hours.

In the Siya Industrial Area, the solar-powered street lighting system is functioning satisfactorily and continues to provide reliable, energy-efficient illumination throughout the area. The use of solar-powered lighting reflects the commitment towards sustainable infrastructure and environmental conservation.

Regular inspection and preventive maintenance of the street lighting systems in Industrial Area No. 1, Ujjain Road Industrial Area, and Siya Industrial Area are carried out by the District Level Industrial Areas Maintenance Committee, ensuring prompt rectification of faults and uninterrupted lighting services. In Industrial Areas No. 2 and 3, the operation and maintenance of the street lighting infrastructure are being undertaken by MPIDC, which continues to ensure proper upkeep and timely maintenance of the lighting network.

Through the coordinated efforts of the District Level Industrial Areas Maintenance Committee, MPIDC, and AID, the street lighting infrastructure across all industrial areas is being continuously monitored and maintained to provide a safe, secure, and well-lit environment that supports uninterrupted industrial activities and enhances the overall infrastructure of the industrial ecosystem.

- **TRUCK (VEHICLE) PARKING AREA**

The industrial areas of Dewas witness substantial movement of heavy commercial vehicles for the transportation of raw materials, finished goods, and other industrial consignments. To facilitate organized parking and improve traffic management, a dedicated Truck (Vehicle) Parking Area has been designated by the Industries Department in Industrial Area No. 1 for vehicles serving industries located in all the Industrial Areas.

To ensure efficient operation and proper management of this facility, the District Level Industrial Areas Maintenance Committee has given on contract to operate the Truck Parking Area. This initiative provides systematic parking facilities for heavy vehicles while ensuring effective maintenance and efficient utilization of the designated space.

The availability of a dedicated truck parking facility has significantly contributed to reducing roadside parking, minimizing traffic congestion within the industrial areas, and facilitating the smooth movement of industrial and public traffic.

Considering the growing industrial activities and the increasing movement of heavy vehicles, AID has also submitted a request to MPIDC for the development of a separate Truck (Vehicle) Parking Area for Industrial Areas No. 2 and 3. AID continues to pursue the matter with the concerned authorities and remains optimistic that the proposal will be approved and implemented in the near future.

C. SPORTS ACTIVITIES

As part of its employee engagement and recreational initiatives, AID organized a Chess Competition on **11 July 2025** for employees working in various industries across the industrial area. The event witnessed enthusiastic participation, with a total of **92 employees** competing and showcasing their strategic thinking and sportsmanship.

Final Results:

DEWAS RUN

The 6th Edition of Dewas Run Successfully Organized

Running a marathon is more than just a test of endurance; it is a journey that transforms both the body and the mind. Marathon running promotes the development of a healthy cardiovascular system, which is essential for maintaining an active, energetic, and healthy lifestyle. It also inspires discipline, determination, and community spirit.

The 6th edition of Dewas Run was successfully organized on Sunday, 9 November 2025, under the theme "**Healthy, Clean, Green Dewas.**" The event aimed to bring together fitness enthusiasts, athletes, professionals, and the citizens of Dewas to promote health, fitness, and environmental awareness. Over the years, the Dewas Run has earned a reputation for its smooth organization, strong administrative support, enthusiastic community participation, and vibrant atmosphere. It is now recognized as the annual marathon organized by the Association of Industries, Dewas (AID).

The event witnessed an overwhelming response, with approximately **2,100** participants from Dewas, Indore, and several nearby cities registering and actively participating in the run. Runners from diverse age groups displayed remarkable enthusiasm, determination, and sportsmanship, making the event a grand celebration of fitness, health, and unity.

The event was graced by several distinguished dignitaries whose presence motivated and inspired the participants. Shri Ritu Raj Singh, Collector, Dewas; Shri Anand Malviya, SDM, Dewas; Ms. Sapna Sharma, Tehsildar, Dewas; Shri Ravi Jain, Sabhapati, Nagar Nigam Dewas; along with other esteemed guests, participated in the event and encouraged the runners through their active involvement.

The success of the event was made possible through the generous support of its sponsors. Baerlocher India Additives Ltd. and Sun Pharmaceutical Industries Ltd. were the Principal Sponsors. Other valued sponsors included ICICI Lombard, Navin Fluorine International Ltd., Amaltas Institute of Medical Sciences, Dewas Water Project Works (Welspun), VE Commercial Vehicles Ltd., Prestige Group, Faith Foundation Global School, Yajat Events, Moira Sariya, Dainik Bhaskar, and Hind Fouj.

The 6th Dewas Run concluded on a highly successful note, reinforcing the message of fitness, environmental consciousness, and community well-being. The enthusiastic participation of runners, the support of the administration, and the contributions of sponsors and volunteers collectively made the event a memorable milestone. The Association of Industries, Dewas (AID) remains committed to organizing such initiatives in the years ahead, encouraging a healthier and greener future for the community.

TABLE TENNIS TOURNAMENT

The **Association of Industries, Dewas (AID)** organized a **Table Tennis Tournament** on **13.02.2026** for employees of its member industries to promote sportsmanship, employee engagement, and inter-industry interaction.

The tournament received an enthusiastic response, with **32 employees** from various member industries participating. The event provided an excellent platform for fostering team spirit, healthy competition, and camaraderie among the participants.

Final results are as follows: -

Company Name	Name of Participant	Results
M/s VE Commercial Vehicles Limited	Shri Sarang Joshi	Winner
M/s VE Commercial Vehicles Limited	Shri Digvijay Jjoshi	Runner-up
M/s Baerlocher India Additives Pvt. Ltd.	Shri Bharat Kumar	Outstanding Performance

D. ISSUES TAKEN UP/ REPRESENTATIONS DONE

1. **PROPERTY TAX (Decision of high Court)** – The Association represented the Government on the issue of property tax being levied on industries in Dewas, citing the Hon'ble High Court's decision in the Pithampur Industrial Area case. The Court upheld that industrial areas developed by MPIDC under the M.P. Investment Region Development and Management Act, 2013 and Rules, 2016 are not subject to property tax by the local municipal body. The Association requested similar relief for industries in Dewas.
2. **UJJAIN ROAD WIDENING & ROB PROJECT** – The Association took up the issue of the proposed four-laning of Ujjain Road and construction of the Railway Over Bridge (ROB), as the project is likely to impact industries located in the Ujjain Road Industrial Area. Information regarding the project was sought from the Nagar Nigam Dewas, PWD (Setu Division, Ujjain), and DTIC to safeguard the interests of the industries.
3. **WORKERS' HOUSING TOWNSHIP** – The Association represented the State Government to extend the proposed Multi-Storey Township scheme for industrial workers to Dewas. While the Government has initially selected Pithampur, Vikram Udyogpuri, and Mandideep Industrial Areas for the project, to be developed by the Urban Development & Housing Department and MPIDC, the Association requested that similar residential facilities be developed for workers employed in the industrial areas of Dewas.
4. **RASULPUR FLYOVER & ROAD CONDITION** – The Association took up the issue of the ongoing Flyover construction near Rasulpur Chouraha and the deteriorating condition of the Dewas–Indore Road. It was highlighted that the Flyover may lead to waterlogging around nearby industries during the monsoon, while the road construction is causing traffic congestion and inconvenience to industrial movement. The matter was taken up with NHAI for appropriate remedial measures.
5. **ESIC HEALTHCARE FACILITIES** –The Association reviewed the healthcare facilities available to industrial workers by meeting the CMO of ESIC Hospital, Ujjain Road, Dewas. During the discussion, several deficiencies in basic medical infrastructure and services were identified. Accordingly, representations were submitted to the Employees' State Insurance Corporation (ESIC) and ESI Services seeking improvement of healthcare facilities at the ESIC Hospital, Dewas.
6. **REPRESENTATION ON PENDING INDUSTRIAL ISSUES:** The Association corresponded with senior officials of the Industries Department regarding various unresolved issues affecting industries, including amendments in MSME Rules, Fire NOC, Property Tax, conversion of Leasehold to Freehold**,** and other policy matters. The Association requested the Government to take appropriate action for their early resolution.
7. **DEWAS DEVELOPMENT PLAN 2041:** The Association participated in the meeting chaired by the Collector, Dewas, regarding the preparation of the Draft Dewas Development Plan 2041 by the Town and Country Planning Department. During the meeting, the Association submitted its suggestions and objections to safeguard the interests of the industrial sector.
8. **EPFO – AADHAAR-BASED FACE AUTHENTICATION:** The Association took up industry concerns regarding the mandatory Aadhaar-based Face Authentication for UAN generation and activation through the UMANG App. Key issues highlighted before EPFO included limited smartphone and internet access among workers, the additional burden on employers and HR professionals, and operational challenges faced by industries with high employee attrition.

9. **POLICE COMPLAINTS ON CIVIL & LABOUR MATTERS:** The Association represented to the Police Department regarding complaints relating to non-payment and labour law matters**,** which are civil or statutory issues beyond police jurisdiction. It was requested that such complaints should not be entertained by the police, and where any preliminary enquiry is considered necessary, the facts should first be verified with the concerned HR/Administration Department of the industry to avoid unnecessary harassment and disruption to industrial operations.
10. **ROBOTIC TRAFFIC SIGNAL AT TATA CHOURAHA:** The Association raised concerns regarding the robotic traffic signal installed by the Nagar Nigam at Tata Chouraha, A.B. Road, Dewas**,** as it has led to several accidents and created difficulties in the movement of heavy vehicles. Representations were submitted to the Nagar Nigam and the Police Department requesting that the robotic traffic signal be relocated to a more suitable location in the interest of road safety and smooth traffic movement.
11. **STATE-LEVEL INDUSTRIAL ASSOCIATIONS MEETING:** The Association actively participated in the meeting of industrial associations from across Madhya Pradesh, organized under the leadership of MP Chamber of Commerce & Industry**.** Key issues affecting industries, including Property Tax, Fire NOC, and maintenance of Industrial Areas**,** were raised and discussed with the concerned authorities, seeking practical and amicable solutions.
12. **SUGGESTIONS ON LABOUR LAW REFORMS:** The Association submitted its suggestions to the Labour Commissioner, Indore in response to the Government's proposal for introducing compounding provisions under the existing Labour Laws as part of the Decriminalization and Ease of Doing Business initiative. The recommendations were aimed at creating a more industry-friendly and compliance-oriented regulatory framework.
13. **ONLINE LAND ALLOTMENT PROCESS:** The Association represented to MPIDC requesting that whenever industrial land is offered through the online bidding process, prior information should also be shared with the Association. This would enable the Association to inform prospective investors approaching it for setting up industries in Madhya Pradesh and ensure wider participation in the land allotment process.
14. **INDUSTRIAL AREA STREET LIGHT MAINTENANCE**: The Association took up the issue of large-scale theft of street lights and electrical cables in Industrial Area No. 1, Siya, and Ujjain Road Industrial Area**,** which has been affecting maintenance and safety. The matter was represented to the Police Department, requesting effective measures to prevent theft and ensure uninterrupted street lighting in the industrial areas.
15. **REPRESENTATION ON INDUSTRIAL DEVELOPMENT:** In response to information sought by the Collector, Dewas, the Association submitted a comprehensive representation through MPIDC on key aspects of industrial development in Dewas. The submission covered major interventions undertaken over the last 4–5 years, their impact on industrial growth, employment and productivity, measurable outcomes, long-term economic growth strategies for the district, and policy measures required to attract investment and unlock future growth.
16. **IMPLEMENTATION OF LABOUR CODES:** Following the implementation of the four Central Labour Codes**,** the Government of Madhya Pradesh issued draft rules inviting objections and suggestions from stakeholders. The Association submitted detailed suggestions and objections on the draft rules and also participated in the meeting convened by the Labour Commissioner to represent the concerns of the industrial sector.

17. **MADHYA PRADESH CODE ON EMPOWERING WORK SPACES, 2026:** The Association actively participated in the stakeholder consultation on the Draft Madhya Pradesh Code on Empowering Work Spaces, 2026, which proposes to merge six State labour laws into a single code. The Association attended the meeting organized by the **Labour Department**, examined the revised draft circulated during the meeting, and submitted detailed suggestions and representations to safeguard the interests of industries while promoting ease of compliance.
18. **FIRE NOC PENALTY RELAXATION:** The Association represented to the Hon'ble Chief Minister**,** Minister (MSME)**,** and Minister (Town & Country Planning) seeking extension of the relaxation in the Fire NOC penalty provisions up to 31st December 2026. It was highlighted that while the penalty waiver was available for fire plans approved on or before 31st December 2025**,** the implementation of the Fire Safety Act has been postponed, warranting a corresponding extension of the penalty relaxation to provide relief to industries.
19. **POWER QUALITY (PQ) METERS:** The Association raised concerns with the Madhya Pradesh Electricity Regulatory Commission (MPERC) regarding the mandatory installation of Power Quality (PQ) Meters**,** highlighting the significant financial burden on industrial consumers. As the issue remains unresolved, the Association also represented to the Managing Director, MPPKVVCL**,** objecting to the forceful implementation of PQ Meters in deviation of MPERC orders, delays in GTP and make approvals, and the undue financial burden imposed on industrial and commercial consumers.
20. **RATLAM RAILWAY USERS' CONSULTATIVE COMMITTEE MEETING:** The Association participated in the Second Meeting of the Ratlam Division Railway **Users'** Consultative Committee held at the DRM Office, Ratlam, and submitted a representation on key issues affecting industries in Dewas. The major issues raised included strengthening passenger and freight infrastructure at Dewas Railway Station**,** improving goods handling and safety at Binjana Railway Station**,** construction of an approach road to Binjana Railway Station from behind Raj Pioneer Factory in Industrial Area No. 1, addressing policy-related railway issues, and resolving the problem of waterlogging in the Civil Line Road underpass connecting Vijay Nagar during the monsoon.
21. **ROAD IMPROVEMENT TO BINJANA RAILWAY STATION** – The Association represented to the M.P. Rural Road Development Authority (M.P. Gramin Sadak Yojana Department) requesting improvement and widening of the road connecting Rasulpur Chouraha **to** Binjana Railway Station**.** The proposal aims to facilitate the smooth and safe movement of heavy vehicles and strengthen connectivity for industries in the area.
22. **GAS SUPPLY DISRUPTION**– The Association convened a meeting of industrial consumers following the disruption in gas supply by GAIL Gas Limited due to the prevailing situation in the Gulf region, which adversely affected industrial production in Dewas. Officials of GAIL Gas Limited attended the meeting, where the issues were discussed in detail and the concerns of the industries were placed before the company for timely resolution.
23. **AVOIDANCE OF DUPLICATION IN FIRE SAFETY COMPLIANCE** – In the State, both the NBC Code 2016 (Fire & Safety) and the Factories Act, 1948 are applicable, and both contain similar provisions relating to fire safety. To avoid duplication and ensure uniform implementation, the Association of Industries (AID) submitted a representation seeking exemption of industries registered under the Factories Act, 1948 from the requirement of obtaining a Fire NOC. In this context, the MSME Department, Bhopal convened a meeting to deliberate on the matter, in which representatives of AID participated.

24. **TO USE ALTERNATIVE FUEL** –Due to the current supply constraints imposed by the Gas Supplier/ Government, Industries are receiving reduced Quantity of Gas, which is adversely affecting the production. Looking to the situation we have submitted our representation before the authorities of MPPCB as well as before the State Government regarding the temporary relaxation for use of alternate fuel in view of Gas Supply shortage.
25. **REDUCTION OF VAT** – We have made a request regarding attention on the high rate of value added Tax (VAT) on natural gas used by the Industries for Industrial use vide letter dated 21.03.2026 before the State Government. We have also highlighted that the high VAT on natural Gas in MP makes it expansive and discourage its use.
26. **REPRESENTATION TO THE STATE GOVERNMENT ON TIME-BOUND STATUTORY APPROVALS** –A representation was submitted to the State Government requesting the prescription of definite timelines for granting statutory approvals, including building plan approval, Consent to Establish (CTE), and disposal of appeals relating to land allotment. The absence of time-bound approvals delays project implementation, affects loan disbursement, and makes it difficult for industries to establish operations within the three-year period stipulated under the lease deed. The representation emphasized that timely approvals would facilitate industrial establishment and improve the ease of doing business.
27. **RETROFITTING OF EMISSION CONTROL DEVICE IN THE DG SETS** – It has come to notice that the MPPCB Department has issued office order dated 06.01.2025 regarding the installation of emission control device on the DG sets in this context, it has been stated that DG Sets are found to be one of the major's sources of Air pollution in the country.
28. **SIMPLIFICATION OF INDUSTRIAL TRANSFER PROCESS –** A representation was submitted to the State Government requesting delegation of the authority for transfer of leasehold industrial land from the Directorate of Industries, Bhopal, to the District Trade & Industry Centre. It was highlighted that decentralizing this power would simplify the process, reduce delays, and facilitate timely transfer of industrial units.
29. **MR-5 ROAD** – A representation was submitted to the State Government regarding the proposed declaration of the internal road connecting Industrial Area Nos. 1 and 2–3 as MR-5 under the Dewas Vikas Yojana 2041. It was highlighted that the proposed 45-meter road width would adversely affect existing industrial buildings and boundary walls, increase safety risks, and impact industries that bear the development and maintenance costs of the road, which would subsequently be used as a public road.
30. **LAGHU UDHYOG SAMVARDHAN BOARD MEETING** – A meeting of Laghu Udhyog Samvardhan Board was held on 04.12.2025, under the chairmanship of Collector Dewas, officials of Association of Industries Dewas attended the meeting. The Commissioner Nagar Nigam Dewas and Other Government officials were also present in the meeting.

    Following points were also discussed: -

    Air/ Water Pollution, Rojgar Portal, CETP, CSR, Corpus Fund Misuse of land by Industrialist, use of E-vehicles in Industries, Devi Lok, Proposed Bridge at Ujjain Road, Power Supply issue (Monopole Installation permission) in industrial Area, MR-5, Encroachment, Approach Road (Binjana Railway Station) Indore Economic Zone etc.

31. **REPRESENTATION ON RETROSPECTIVE IMPLEMENTATION OF INDUSTRIAL GAS TARIFF** – It was observed that the tariff for industrial gas consumption was being revised frequently, with the revised rates often implemented retrospectively. Such retrospective revisions impose an unforeseen financial burden on industrial units and adversely affect the costing and pricing of finished goods, creating uncertainty in business operations.

    In view of the above, a representation was submitted to GAIL Gas requesting that any revisions in industrial gas tariffs be implemented prospectively rather than retrospectively, thereby ensuring greater transparency, predictability, and ease of business for industrial consumers.

32. **MAP APPROVAL THROUGH ABPAS 3.0 PORTAL** – The State Government has introduced the ABPAS 3.0 portal for the online approval of building plans (maps) for new industrial units being established within industrial areas, as well as for the expansion of existing units. The portal caters to projects under both the MPIDC and the MSME Department, with the objective of streamlining and expediting the approval process.

    In this regard, information was sought from the District Trade and Industry Centre (DTIC) to ascertain whether the process of map approval through the ABPAS 3.0 portal has been operationalized and implemented for the concerned departments.

33. **LEVY OF PROPERTY TAX ON INDUSTRIAL AREAS** – The Hon'ble Supreme Court, in its order dated 27.05.2026, held that where the concerned industrial development authority itself provides the infrastructure and civic amenities ordinarily expected from a local authority, the liability to pay property tax to the municipal authority does not ordinarily arise. The Court further observed that the jurisdiction of a municipal authority to levy and collect property tax arises only after the concerned industrial area or properties have been formally handed over or transferred to the municipal authority.

    In light of the above judgment, a representation was submitted to the Principal Secretary, MSME & Industries Department, Government of Madhya Pradesh, Bhopal, requesting appropriate action and necessary directions for the implementation of the Hon'ble Supreme Court's decision in respect of industrial areas within the State.

34. **REPRESENTATION REGARDING GST DEMAND BY MPIDC** –The Hon'ble Bombay High Court, in its order dated 09.01.2026, held that the assignment or transfer of long-term leasehold rights in industrial plots allotted by the Maharashtra Industrial Development Corporation (MIDC) does not attract GST, as such transactions constitute a transfer of immovable property rather than a supply of services. The said judgment was subsequently affirmed by the Hon'ble Supreme Court vide its order dated 22.05.2026.

    In light of the above judicial pronouncements, a representation was submitted to the authorities of MPIDC requesting that GST should not be levied on the assignment or transfer of long-term leasehold rights in industrial plots, in accordance with the legal position settled by the Hon'ble Courts.

35. **REPRESENTATION REGARDING SUB-LEASE / SUB-LETTING OF LAND AND BUILDING** –The existing provisions governing the sub-lease/sub-letting of land and buildings by mother units are complex and require simplification. In this regard, a representation was submitted to the Industries Commissioner requesting the rationalization and easing of these provisions to facilitate the establishment of startup and new industrial units.

- **1 computer system** was donated to the same school to promote digital literacy and improve access to technology.

ग्राम छापरी | सरकारी स्कूल के बच्चों को स्वेटर का वितरण हुआ

'जरूरतमंदों की मदद करना सराहनीय कार्य'

पत्रिका न्यूज नेटवर्क
patrika.com

देवास. समाज में बहुत से लोग ऐसे हैं। जिन सबकी मदद करना सरकार के द्वारा चाहकर भी संभव नहीं हो पाता। समाज में सकारात्मक बदलाव सरकारी प्रयासों के साथ समाजसेवियों और सक्षम लोगों की सामूहिक भागीदारी से ही संभव है। ऐसे में उद्योगों द्वारा अपने सीएसआर फंड से किए जाने वाले काम सराहनीय है।

यह बात अपर कलेक्टर शोभाराम सोलंकी ने कही। सोलंकी नवीन फ्लोरीन उद्योग द्वारा ग्राम छापरी के सरकारी स्कूल के बच्चों को कंप्यूटर और स्वेटर वितरण कार्यक्रम में मुख्य अतिथि रूप में बोल रहे थे। शिप्रा संकुल के ग्राम छापरी के सरकारी स्कूल में उद्योग के सौजन्य से तथा सामाजिक संस्था एक्ट ईव फाउंडेशन के समन्वय से कार्यक्रम आयोजित किया। इसमें स्कूल में बच्चों के लिए एक कम्प्यूटर तथा 65 स्वेटर का वितरण किया गया। इस दौरान अतुल मौर्य, मोहन वर्मा, अनामिका सिंह ने कहा कि सीएसआर फंड से मदद हमारा सामाजिक दायित्व है जो हम निभाते रहेंगे। कार्यक्रम में जन शिक्षक अरुण मिश्रा,सरपंच केदार पटेल,रितेश तलरेजा, अशोक शर्मा, हंसा चौधरी, राजेश चौहान, हरनामसिंह अचाले, आशा बडगोत्रीया, देवकरण मालवीय, बबीता चौधरी सहित अनेक ग्रामवासी उपस्थित थे।

Navin Molecular (Navin Fluorine International Limited, Dewas) remains dedicated to supporting community welfare through various CSR activities. We believe that investing in education and health is investing in the future, and we are proud to contribute to the betterment of our local communities.

CSR ACTIVITIES FOR FY 2025-26

Institutional Introduction

Amaltas Institute of Medical Sciences (AIMS), Dewas, a flagship institution under **Amaltas University**, is a leading centre for medical education and patient care in central India. The institute hosts a **1600-bedded, NABH-accredited, state-of-the-art super-specialty hospital**, operating **24x7** and **boasting a team of over 400 highly qualified doctors** across various specialties and super-specialties.

Driven by the values of accessibility, innovation, and social impact, Amaltas Institute of Medical Sciences has emerged as a hub for both **advanced healthcare delivery** and **community-cantered CSR initiatives**, serving as a critical health resource for the Malwa region

Key CSR Initiatives

1. Adoption of Villages – Comprehensive Rural Health Outreach

Amaltas Institute has adopted 72 **villages** in Dewas and nearby districts under its "**Family Adopation Programe.**" These villages receive year-round access to primary and preventive healthcare through:

- **Regular health camps** conducted by super-specialist doctors
- **Free diagnostic services** including:
  - Ultrasonography (Sonography)
  - Digital X-rays
  - Complete blood count and urine tests
- Continuous community monitoring and referral support for serious cases

Impact: Over 1 lakh rural residents benefit annually through this outreach.

2. Free Health Camps & Specialist Consultations

Weekly and monthly **free medical camps** are organized both on-campus and in rural areas. Services include:

- Consultation by specialists (General Medicine, Paediatrics, Gynaecology, Psychiatry, etc.)
- Awareness drives on maternal health, non-communicable diseases, substance abuse, and mental well-being
- Free basic medicines and referrals for advanced care

Impact: Over 30000 people receive direct medical benefits each year.

PROJECTS/PROGRAMMES BY THE MEMBERS OF OUR ASSOCIATION FOR SOCIAL WELFARE

3. State-of-the-Art 24x7 Super-Specialty Services

AIMS provides round-the-clock super-specialty services in fields like Cardiology, Neurology, Nephrology, Critical Care, and Psychiatry — many of which are **provided free or at minimal cost** for underprivileged patients during camps and special drives.

4. De-Addiction and Mental Health Rehabilitation (Nasha Mukti Kendra)

Amaltas runs a **comprehensive De-Addiction Centre**, offering:

- Free detoxification, psychiatric evaluation, and rehabilitation
- Structured counselling and support group programs
- Family and vocational reintegration planning

Focus: To combat rising substance abuse among youth and marginalized communities.

5. Special School for Children with Disabilities

Amaltas Institute operates a dedicated **Special School** within its campus, aimed at providing inclusive education and therapeutic support for children with **intellectual, developmental, and learning disabilities**. The school is designed to foster growth, independence, and dignity among differently-abled children from underserved communities.

All services are provided **completely free of cost**, including:

- **Special education and individual learning plans**
- **Occupational and speech therapy sessions**
- **Nutritious mid-day meals**
- **Free transport facility** for pick-up and drop-off from home
- **Free hostel accommodation** for children coming from distant or rural areas
- **Outreach Activities**

With a multidisciplinary team of special educators, counsellors, and therapists, the school ensures holistic development and social integration of its students.

Current enrolment: 200+ children from Dewas and neighbouring districts.

PROJECTS/PROGRAMMES BY THE MEMBERS OF OUR ASSOCIATION FOR SOCIAL WELFARE

Impact at a Glance

Initiative	Annual Beneficiaries
Free Health Camps	29000+
Adopted Villages Outreach	100000+
Free Diagnostics (USG, X-ray, Labs)	15,000+
De-Addiction Centre Interventions	500+
Special School for Children with Disabilities	200+
Students with Free Hostel Facilities	70+

Kilkari Abhiyan

During 2025, under the Kilkari Abhiyan, Amaltas Institute worked towards treatment and rehabilitation of Severely Acute Malnourished (SAM) children through its Nutrition Rehabilitation Centre (NRC).District Administration selected Amaltas under this initiative to ensure quality healthcare, specialist treatment, and comprehensive nutritional support for children.

Key Highlights:

580 children were screened under the campaign. 240 children identified as SAM were admitted to the NRC for treatment and nutritional rehabilitation. Remaining children in MAM category also received treatment and follow-up care. Health screening also identified cases of anemia, heart-related conditions, and special healthcare needs among children. More than 90 children successfully improved from SAM category to MAM category. All children received treatment under 24x7 specialist supervision along with balanced nutrition and supportive care.

Conclusion

Amaltas Institute of Medical Sciences reaffirms its unwavering commitment to **inclusive, equitable, and accessible healthcare**. Our CSR initiatives not only extend medical support but aim to **uplift entire communities** — through education, rehabilitation, and social empowerment.

TATA INTERNATION LTD.
CSR ACTIVITIES FOR FY 2025-26

PROJECTS/PROGRAMMES BY THE MEMBERS OF OUR ASSOCIATION FOR SOCIAL WELFARE

Category	Activity	Location	Cost (INR Lakhs)	Project status	Month	Status
Education	Link govt school with digital and impactive education (Tata Class Edge) In this initiative we have replaced the black board with a digital board in govt excellence school for Class 09th to 12th (Govt excellence school no. 2 dewas) Supporting education by Tata class edge where blackboard would be digital and the pre loaded curriculum content for students. This helps students four better understanding and constancy in learning.	Dewas	203255	Completed	28-02-2026	Done
Environment and Green energy initiative	Installing solar penal in govt facility. (Village Nipania, District Dewas) We have installed one set of Solar penal in Nipania Gram Panchayat. this will reduce the electricity consumption and will increase the clean energy in govt office building.	Dewas	157905	Completed	03-03-2026	Done
Health	Building toilets for govt school where there were no toilets available. There was one but not in really good shape/condition. This was to provide basic hygienic toilet facility in govt school where students can use the good and sanitized toilet focusing on basic infra and health.	Dewas	113803	Completed	27-3-2026	Done
Health	Eye examination and providing eye glasses. Conducted the eye examination in community (Rajeev Nagar & Govt School No. 3) in order to have and to provide eye glasses to people these are having week eye vision for the community and they are underprivileged to buy specs. Total around 250 people scanned for eye glasses and 52 nos. of galsses+frame provided to people of different age group.	Dewas	24864	Completed	22-01-2026	Done
Health	Providing safety and clean water for govt institute/school childrens. There are many govt/semi govt educational institutes where the hygienic and clean water is a problem. Considering the criticality of Indore case of contaminated wated and death of a few people. This is very essential to provide access to clean and portable water. Selected total 3 institutes. 1. Govt. Middle Scholl No. 3, Dewas. 2. Govt Girls middle school Chimnabai, Dewas	Dewas	66375	Completed	17-03-2026	Done

REPORT OF THE AUDITOR TO THE MEMBERS

Assessee's Responsibility for the Financial Statements

1. The management is responsible for the preparation of the financial statements that give a true and fair view of the financial position and financial performance in accordance with the applicable Accounting Standards issued by the Institute of Chartered Accountants of India. This responsibility also includes the design, implementation and maintenance of internal controls relevant to the preparation and presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

2. Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with auditing standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

3. An audit involves performing procedure to obtain audit evidence about the amount and disclosure in the financial report. The procedure selected depend on the auditor's judgement, including the assessment of the risk of material misstatement of the financial report, whether due to fraud or error.

   In making those risk assessment, the auditor considers internal control, relevant to the entity in preparation of the financial report that gives a true and fair view, in order to design audit procedure that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting estimates made by management, as well as evaluating the overall presentation of the financial report.

4. We have examined the attached Balance Sheet of **Association of Industries Dewas** (Reg. No. 760 dated 06/12/1978) PAN: AAAAA2045G as at 31st March, 2026, Income and Expenditure Account for the year ended and schedules forming part of the balance sheet as on that date.

5. Test check method has been adopted on suitable items. The figures for the previous year were audited by another Chartered Accountant.

6. We have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of our audit. In our opinion, proper books of account have been kept by the office of the above society as far as appears from our examination of the books.

7. In our opinion and to the best of our information and according to the explanation given to us, the Financial Statements give a true and fair view:
   i. In the case of Balance Sheet, of the state of affairs of Association of Industries Dewas as at March 31, 2026,
      and
   ii. In the case of the Income & Expenditure Account, of the Surplus (being excess of income over expenditure) for the year ended on that date.

Dewas Metal Sections Ltd.
Touch of excellence

Dewas Metal Sections Ltd. (DMSL) has come a long way in the manufacturing of Steel Metal Sections.

Certifications such as **ISO 9001:2015, ISO 14001:2015, ISO 45001:2018, IATF 16949:2016, IRIS Certification, CE Certification, RDSO Approval, ICF certification** speaks volume on the company's level of commitment and technological prowess.

DMSL has carved a niche in manufacturing Cold Roll Formed Section including sections for **Air Pollution Control, Automobiles, Civil, ERW Tubes, Electrical, General Engineering, Elevators, Solar Mounting Structures, Railway Wagons & Coaches**. Owing its in-house Designing capabilities and specialized software, the company aims to further diversify into other industrial applications. We can serve from thickness 0.7 mm to 10 mm in any steel / GI grade in any length. We have plants at Dewas, Pune & Ranipet to serve Pan India.We are also having facility for ERW tubes from 19 mm to 3" in thickness & range 1 mm to 3 mm.

Air Pollution Control: Collecting Electrodes in varying cross sections are manufacturing from steel strips which are cold roll formed to make highly customized profiles for Electrostatics Precipitators. DMSL is the leading manufacturer of this product with special facility of hang test.

Automobile Sections: We are the reputed supplier to manufacturers of light commercial vehicles for supply of sections from chassis, channel to body panels like Hat sections, Open Box Sections, Tubular vent rail sections, angle and channel sections and various types of other sections.

Tube Mill: ERW Tube Range: Tube Size Dia 19 mm to 76 mm and Thickness from 1 mm to 3 mm.

Mill max. speed 80 Mrs. per minute.

Electrical Sections: Lipped channels, Din Channels and C profiles are the popular sections for electrical equipment's which confirm to DIN standard. The sections find extensive usage in electrical control panels.

Solar Sections: We are manufacturing precision angle, channel, open box and hat sections used as rafters, purlins, bracings & angles for Solar structure. Pre galvanized, galvalume and hot dip galvanized sections are being supplied by us.

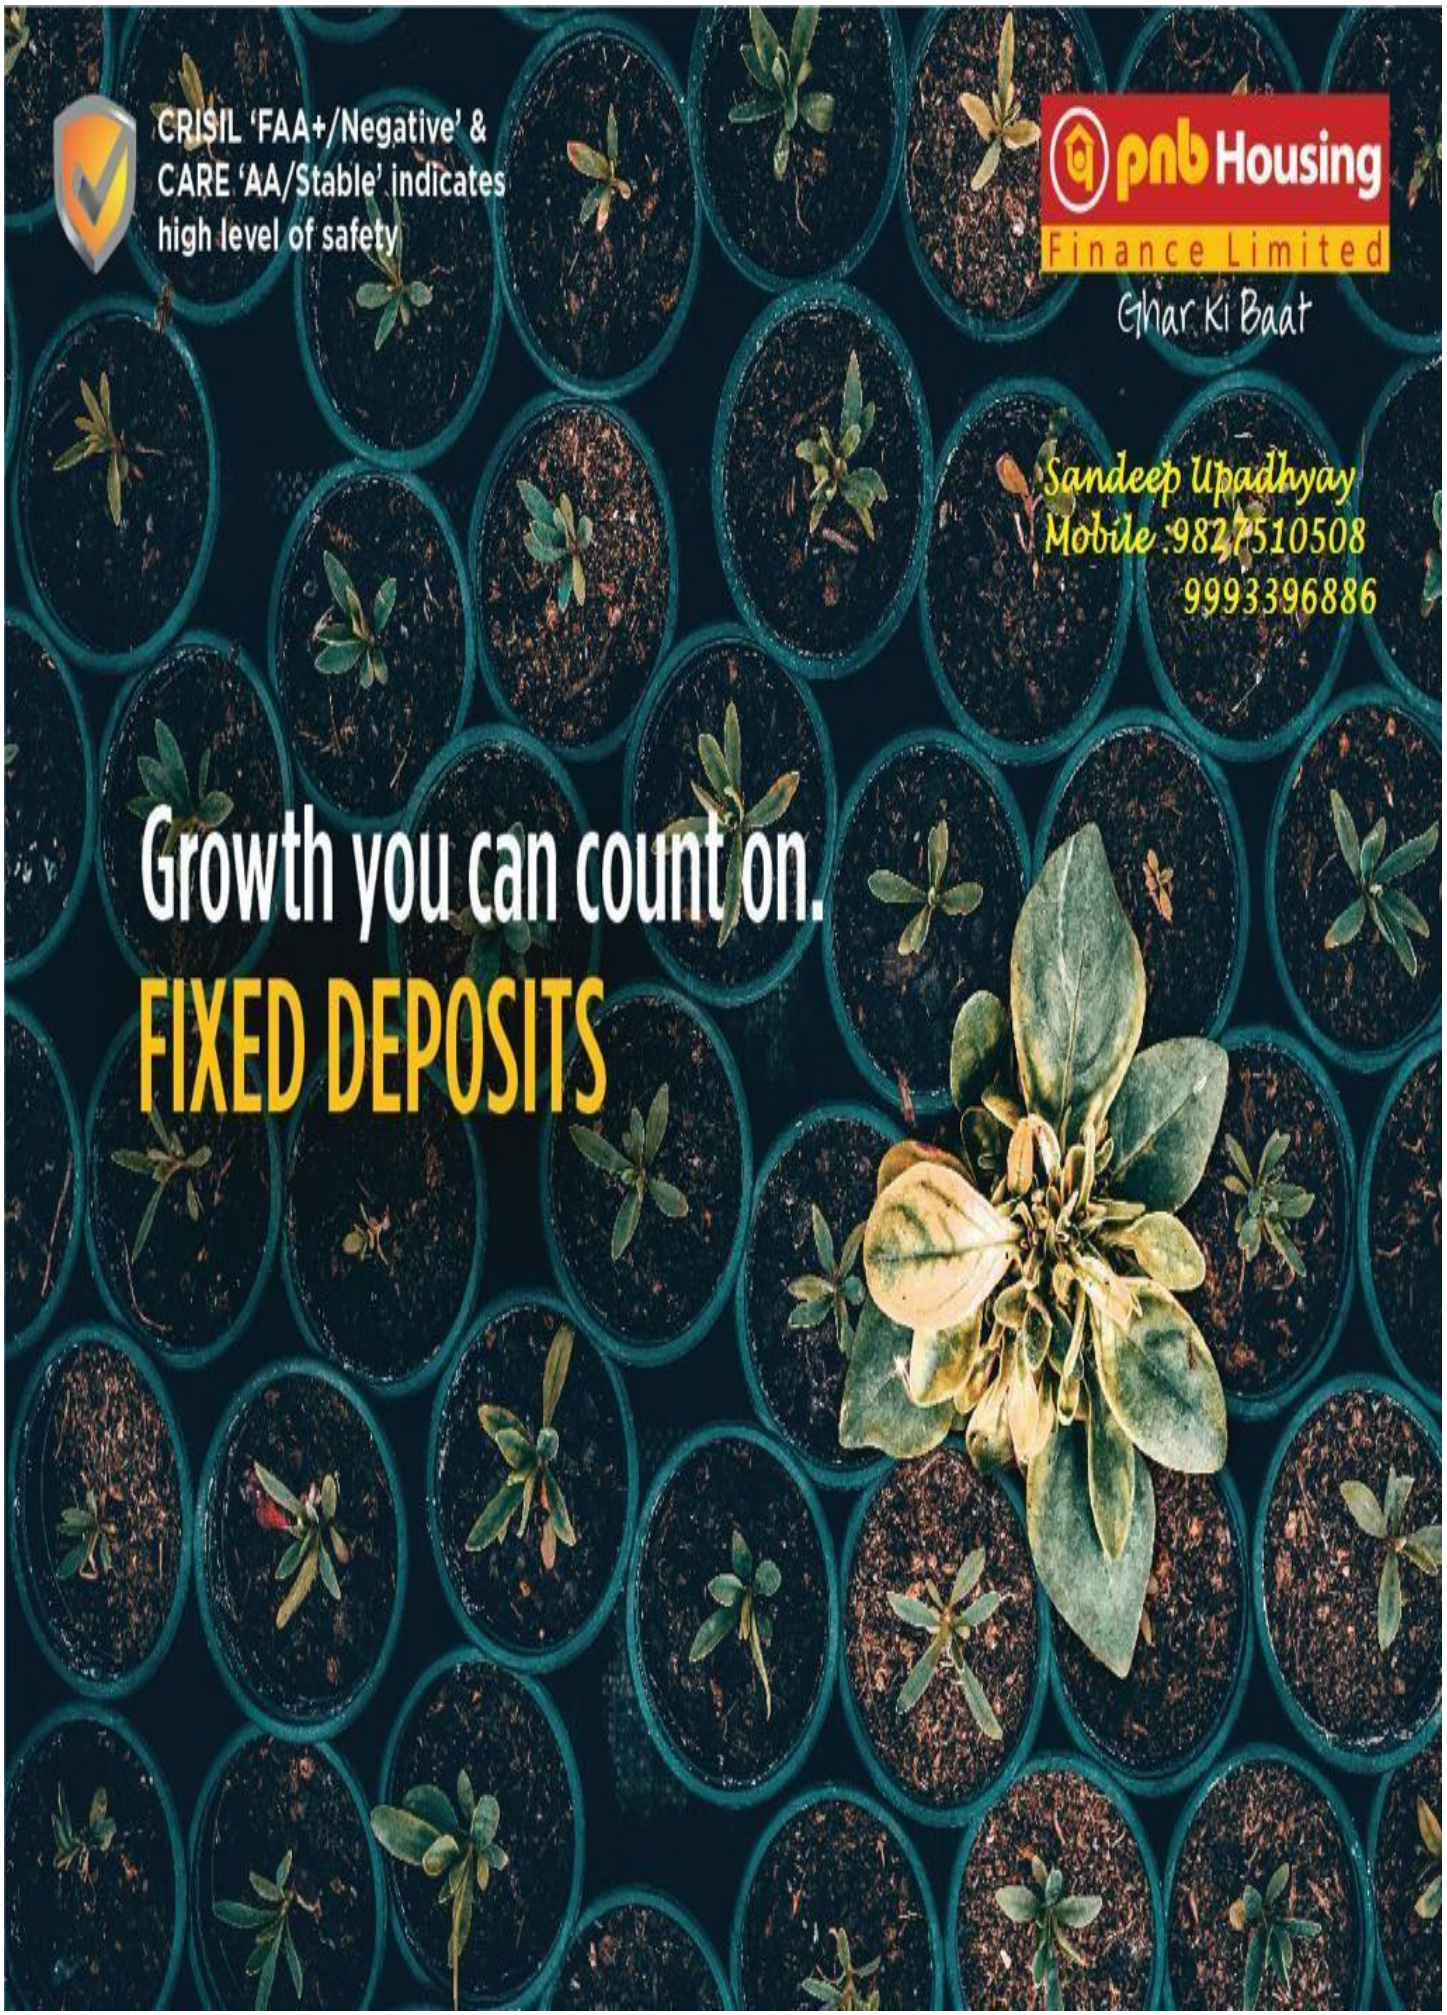

Railway: We are supplying various sections to Indian Railways as approved vendor of ICF and RDSO from 1.7 mm to 10 mm thickness in SS and MS grades. Sections are used in floor assembly and as structural members.
